COVID-19 Vaccination

Service:

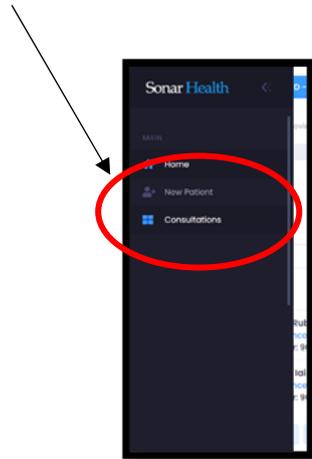

Discharge

www.SonarHealth.Org

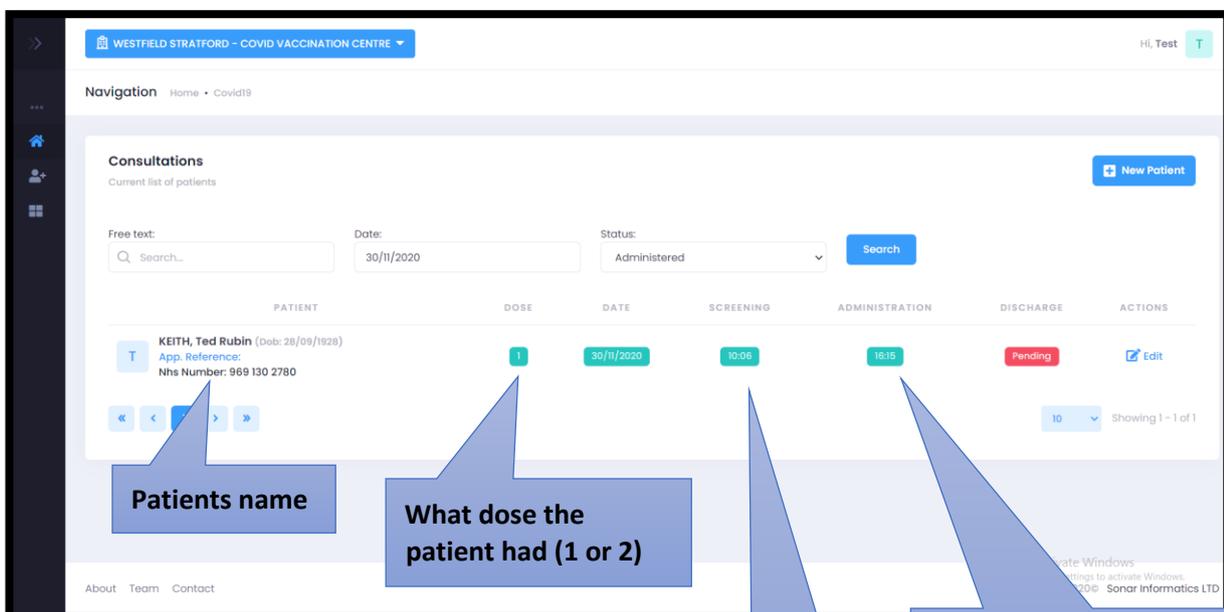

Version 2
Updated 15th July 2021

Discharge

The third and final stage of the COVID 19 vaccination programme is the discharge stage. This is when the patient is discharged from the vaccination area. If you are just working on the discharge area, log into your Sonar account. When you have successfully logged in, click onto consultations by hovering the mouse over the left-hand side of the page.

All the patients from that day will be displayed, with their full name, what dose they are taking and how far they are through the vaccination process. The oldest will be displayed at the top and the lowest at the bottom.

Current list of patients

Free text: Date: 30/11/2020 Status: Administered

PATIENT	DOSE	DATE	SCREENING	ADMINISTRATION	DISCHARGE	ACTIONS
KEITH, Ted Rubin (dob: 28/09/1928) App. Reference: Nhs Number: 969 130 2780	1	30/11/2020	10:06	16:35	Pending	

Showing 1 - 1 of 1

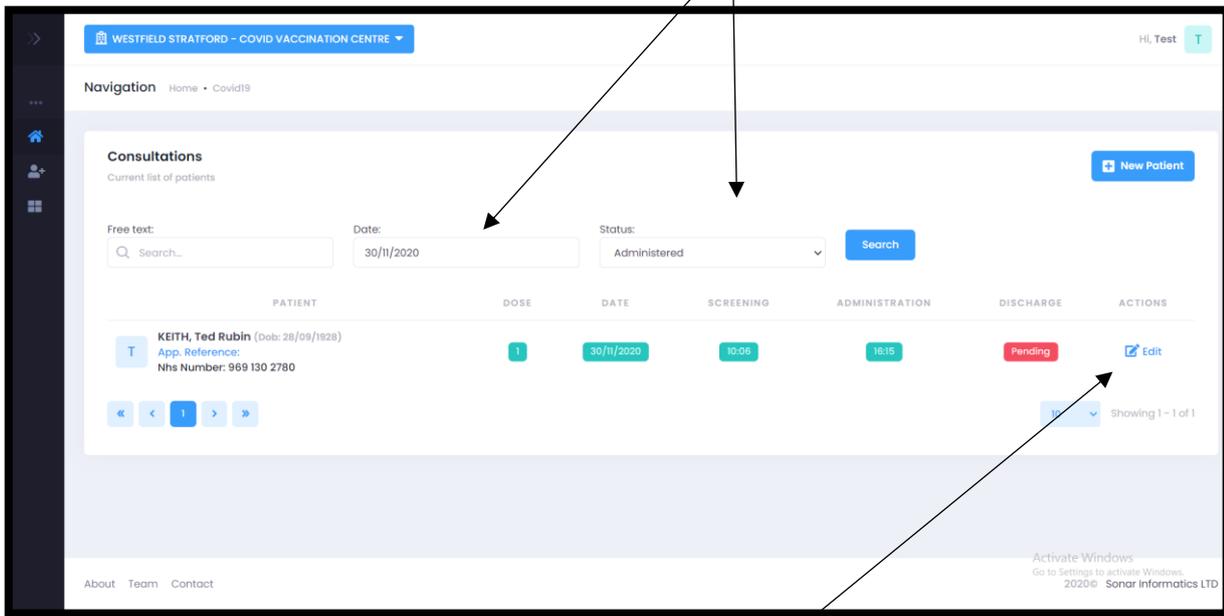

Patients name

What dose the patient had (1 or 2)

What time the patient went through screening

What time the patient had the vaccine administered.

If you wish to search for a patient, you can use the search function. Make sure you are searching for patients under the status 'Administered'.

Once you have located the correct patient, select 'edit'.

The discharge date will automatically pre-populated to the current date and time

You can add any additional information that you think is relevant (optional)

Did any adverse events occur following the administration of the vaccine. If so please provide details, if not select 'No'

Once this page has been completed, click 'submit' and the vaccination process is complete.

If any adverse events occur, select yes and then click 'Add Event'.

A screenshot of a modal window titled "Add event" with a close button (X) in the top right corner. The form contains several fields: "Event Date" (pre-filled with "16/07/2021 10:52"), "Type of Reaction" (dropdown menu with "Please select"), "Certainty" (dropdown menu with "Unconfirmed"), and "Severity" (dropdown menu with "Please select"). Below these is a large text box for "Details of reaction". At the bottom, there are two more text boxes: "Description of reaction" (pre-filled with "e.g. Erythema, papules, itching, blotches") and "Evidence" (pre-filled with "e.g. Hypersensitivity test confirmed"). At the bottom right of the modal are two buttons: "Close" and "Save changes".

The event date will be pre-populated. Select the type of reaction, the certainty and the severity from their respected drop down menus. Type in the details of the reaction in the text box e.g rash. Type in any description of the reaction and any evidence (optional). Once you have filled all the information, click 'Save changes'.
